

SoundWaters Science Stars

●EXCITING ●HANDS-ON ●LIVE ANIMALS ●EXPERIENCE

Interested in **SCIENCE?**

SoundWaters is looking for **girls in grades 3-7** interested in science.

Science Stars is a program that will give you exposure to careers in science through hands-on presentations from women scientists, as well as team building activities, lab experiments, and work with live animals. Everyday is a new experience that will show you science is not confined to the classroom!

To register, contact:
